

there are 420 pupils are at King Offa Academy, King Offa wall mural project can be seen from every car passing through Bexhill from the A259.

Our Motivation

We wanted to provide more for the youth in our community and give a better understanding of what our organisation does and how we do it. Educate pupils on illegal and legal graffiti and how to be safe. With this the pupils created their own wall mural to be proud of.

BIGGEST CHALLENGE - The biggest challenge for us was choosing only 8 pupils to spray paint - if we could have, we would have provided more lessons so that more children got the opportunity. We read every feedback form and teamed up with all the directors and some teachers to make sure we gave diversity. easily help people who are digitally excluded.

Achievements

We were overwhelmed at the level of engagement from the lessons and feedback from ages 5 to 11.

Feedback

- ♦ 'your work is amazing and inspiring' age 10
- ♦ 'Art is my whole life, I am very glad that a mural will be at king offa' age 10
- ♦ 'street art enhances our community and also King Offa likes street art and its creative and I am proud about street art and its very very epic' age 9

This photo shows what 8 King Offa pupils achieved before the final project was finished. This allowed them to have an experience they will never forget and learn new skills as well as have fun along the way.

Message to the public

We rely solely on funding and amalgamated effort to achieve our goals. We are currently refurbishing a building where we want to create an open plan community centre – for all things art! We look forward to sharing this with you.
